

Chalkpit

Your invitation to a public exhibition

We are hosting two events:

Tuesday 22 March, 1pm-7pm – Guston Village Hall

**Wednesday 23 March, 1pm-4.30pm
– East Langdon Parish Hall**

We are keen to hear your views on the scheme as part of our engagement with the local community which is taking place until Thursday 7 April. Once we have reviewed the feedback, a planning application will be submitted to Dover District Council.

We want your views on **Chalkpit Solar Farm**

We are consulting on plans to develop a solar farm on land near Guston and East Langdon, close to the A2.

Chalkpit Solar Farm offers the opportunity to:

- Generate enough electricity to power more than 7,250 homes in Dover
- Reduce carbon emissions by 10,000 tonnes of CO₂ per year

And after 40 years it will be decommissioned, and the 25 hectares of land returned for agriculture.

International renewable energy developer Greentech is behind the proposals for Chalkpit Solar Farm. We have created a website where you can find out more information and tell us what you think of the plans.
